**Subject:** [External] WE don't need the ACP

**CAUTION:** External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

Please don't approve the Atlantic Coast Pipeline. The company has never satisfied the requirements of the EIS and even if they had, it is likely that the construction will do damage to the environment in its path. The last thing in the world we should be doing is constructing new fossil fuel infrastructure. Renewables are the way to go to meet our energy needs.

Sincerely,

Judith Ferster
